Archway Programs
Emergency School Closure Plan for Instruction

Purpose

To prepare academics for students in case of an extended emergency school closure.

District Demographic Profile-100% Students with Disabilities

Total students served-252

Teacher Expectations

• Teachers will have appropriate work/project in the core areas prepared for students
• Each student will have an individual file readily available should a closure be instituted
• The files will contain all appropriate assignments with directions on completing as well as expectations
• The activities will meet the individual needs of each students
• All assignments will address the IEP goals and objectives
• The teacher will have available his/her email address and/or website (Google classroom, classdojo, etc.) for parents to contact them.
• Teachers will reach out to homes a minimum of 3 times a week by phone or technology to answer any questions and check on assignments
• Depending on the home technology situation, some or all work can be web based
• Students who are non-academic will be given plans for completing IEP goals and objective through functional and daily living skills activities. Included in the folders will be skill appropriate activities and/or directions for everyday independent living skills.
• Related Services-OT, PT, Counseling and Speech will create activities to be done at home to address IEP goals and support the educational needs, they will also be available to parents via the best mode of communication the parent has identified.
• One to one aides are to reach out to their families daily for questions and supports.
• All communications will be documented.

District Contact

All district inquiries will be answered in a timely manner by and administrator from the appropriate school.

Plans to be sent out to all sending districts

Progress

All work will be handed back in to the teacher, once school is in session again and will be graded accordingly.

Archway Programs will not collect reimbursement on meals nor provided meals for the days closed. The students are able to collect meals from the home school district.
